

HUMAN DANDRUFF GERMS DEBUTE A RABBIT!

CONVINCING EXPERIMENT BY DR. SABOURAUD OF THE PASTEUR INSTITUTE

This experiment proves that dandruff is a contagious disease due to the presence of a microbe in the sebaceous glands of the scalp. It also proves that unless the formation of dandruff is stopped—by destroying the germs—it will lead to falling hair and incurable baldness. Prof. Unna, Europe's noted dermatologist (ask your doctor about him), was the first to discover the microbe nature of dandruff and baldness. His discovery was later verified by Dr. Sabouraud, at the Pasteur Institute, Paris, France. The doctor inoculated a rabbit with human dandruff germs and in due time the rabbit began to lose its fur. "In between five and six weeks," says the official report of the Pasteur Institute, "the rabbit was completely denuded, in fact it had become entirely bald."

DANDRUFF IS ANNOYING, FALLING HAIR IS AN INJURY, BALDNESS IS A CALAMITY

If you are indifferent about your hair and let it "take care of itself," you should not grumble when it is gone. Careful people now try to save their hair and Newbro's Herpicide enables them to do this in a very pleasing manner. It is the first scientific hair-saver, and it is growing wonderfully in popularity. Every one should endeavor to protect the scalp against dandruff infection, and the surest way is to carefully avoid "exposure" to dandruff germs and to rely upon Newbro's Herpicide as a scalp prophylactic. One of the chief forms of "exposing" the scalp, is to use an unsterilized public hair brush. The hair brush should be as exclusive as the tooth brush. It is important to remember that:

1. Dandruff is a contagious disease caused by a microbe.
2. Dandruff is a forerunner of itching scalp, falling hair and baldness.
3. Chronic baldness is incurable.
4. The CAUSE of dandruff can not be washed out of the scalp with soap and water.
5. The only way to cure dandruff and stop falling hair is to kill the germ that causes it.

6. The only safe remedy so far discovered, that will absolutely kill the dandruff germ is Newbro's Herpicide. STOPS ITCHING OF THE SCALP INSTANTLY.

Kill the scalp germs and the hair is bound to grow naturally. Almost marvelous results follow the use of Newbro's Herpicide. It contains no oil, grease, sediment or dye. It delights the ladies by keeping the hair light and fluffy and by giving it a silken gloss.

Newbro's HerpicideAn Exquisite Hair Dressing
THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERMS"

Hundreds of Cases Like This.

"I induced our druggist to order six bottles of Newbro's Herpicide on the condition that if he could not sell it I would take the same as wanted. He has sold the six bottles and ordered more. Herpicide is a good article. It is doing my scalp good. Others trying it say the same." (Signed.) WM. A. BOOTH, Kingman, Ariz.

Notice Who This Letter is From.

"We take pleasure in stating that of all preparations for hair health and scalp troubles, we have never found the equal of Herpicide, as shown by the universal satisfaction it has given those purchasing it." (Signed.) BRISLEY DRUG CO., Prescott, Ariz.
